Subject: RE: May Creek Removal Action Status

Thanks Wally, we are very happy to see this moving forward and definitely want to be consistent in our messages. I have included Logan Harris who is our department PIO. Please include him on any communications related to media.

Subject: May Creek Removal Action Status

Good afternoon everyone,

I'm writing to provide you an update on the status of our upcoming removal action at the Pillon property. Jeff and his team are in the midst of acquiring access to the property through the federal magistrate sometime next week. Today, we were made aware that Mr. Pillon knows this action is impending and we suspect he will continue to resist our involvement at his property and possibly reach out to others. Our contractor hired a utility locator to visit the site, as is usual for a removal action, and apparently encountered Mr. Pillon. Mr. Pillon phoned our contractor directly and spoke to one of the project managers.

Our Public Information Officer, Mark Macintyre, has been working with folks in your agency to coordinate a desk statement to outline the reasons and scope of our removal action in the event we are contacted by interested parties such as the media. My hope is that we have a consistent message going out to any external party.

Feel free to contact myself, Jeff or Mark if you have any questions or concerns.

My cell is below if you need to contact me over the long weekend as Monday is a federal holiday.

Thanks,
Wally
